

CARMEL FIRE DEPARTMENT'S

CHRISTMAS ASSISTANCE PROGRAM (CAP)

Family or Child Sponsorship

Please consider sponsoring a family or child for our CAP program.

The process begins by requesting how many children or families you would like to sponsor. This is done by using our Sponsorship phone number or the on-line form located on our website. We then receive your information about how many children or families you want to sponsor. Finally, we match you to in-need children or families in our database who are located in Clay Township.

Some of the children will have wish lists and some will not. If they do not have a wish list, then call their parents for gift ideas. You do not have to get everything on the child's wish list; however, you can if you want. We ask that you choose gifts that would make opening those gifts memorable and exciting for your designated child(ren). Once you have an idea of what your chosen child(ren) desire, then you can go shopping.

Once your shopping and gift wrapping is completed you can deliver your child or children's gifts to the Carmel Fire Department Station #41 Headquarters (please refer to the CAP (Children's Assistant Program) web page for the exact date) to ensure gift delivery to your child or family. Please inform us if you want to personally make the gift delivery to the child or family you sponsored.

Now you can cherish the thought that you helped make it possible to give a child or family a memorable and Merry Christmas!!
